

NEW TIME KEEPING SYSTEM... On The Horizon

COMING SOON !!! ETS - PVA (Employee Timekeeping System)

A new payroll system will be implemented in each PVA office. It will replace the existing programs (EARS & PTL). We are in the early development stage and more information will be forthcoming in a few weeks.

This new program will be a "WEB-BASED" system and upon full implementation will be less time consuming and a more accurate recordkeeping instrument for all. The PVA Administrative Support Branch will be conducting informational training sessions at the PVA Summer Conference in June. Training sessions are also tentatively scheduled for July 10-13 & 17-20, a registration notice will be forthcoming.... watch for the email to enroll....

Effective April 30, 2006 any employee that has not worked in the previous quarter/last three (3) months will be removed from the payroll by the PVA Administrative Support Branch via a Request for Personnel Action (RPA) Form.
